Padma Shri. Prof. J.A.K. Tareen

Vice Chancellor

Pondicherry University

Human Resource Development and Higher Education in India are focussed on access to a large number of aspiring students to undergo higher education with quality and affordability. As one of the Central Universities, Pondicherry University has facilities and amenities to students to stay and study a wide range of 157 programmes from UG to Ph.D. levels. The University offers many inter-disciplinary courses in Arts, Pure and Applied Sciences, Humanities and Social Sciences, Commerce, Management, Education, Electronic Media, Environment, Nano Sciences, Green Technology, Performing Arts and Computer Science through Choice Based Credit System. The University has excellent ambience and enriched facilities for higher studies, research and cultural exchange. The modern laboratories, library with electronic access to over 27,000 Journals and e-resources, conference halls, playfields, health centre, placements and other services such as free buses to reach the University, eco-friendly commutation in the campus by electric cars & bicycles are a few amenities to mention.

"Expansion, Excellence with Equity" is the mantra and main thrust of the University. The University has Memorandum of Understanding (MOU) with several Higher Education Institutions abroad and encourage the Faculty and Student exchange programmes. Recently, the University has taken a big leap ahead with the expansion of teaching departments, infrastructure and research facilities with an ultimate objective of 400% expansion of the student, teacher and scholar strength by the end of 2011-12.

We welcome you to India's Fastest Growing Central University during the XI plan.
